UAB cybersecurity master's ranked #1 by Fortune Magazine

Fortune has ranked the UAB Department of Computer Science's in-person master's degree in cybersecurity as the No. 1 program in the U.S., which currently has nearly 770,000 open cybersecurity jobs. Students enrolled in the interdisciplinary program can take data science and machine learning/artificial intelligence courses as electives, significantly increasing their skills and employment prospects. Read more.

Researcher turns startup founder to pursue promising oral diabetes drug

Anath Shalev, M.D., did everything she could to change treatment for Type 1 diabetes from her lab, but getting to first-in-human trials meant taking a step she had long resisted. The most surprising thing about launching a startup, though? "I have enjoyed it."

Stamp awarded prestigious Marshall Scholarship

Banks Stamp, a senior majoring in political science and public administration and concurrently pursuing a Master of Public Administration, was named among the 2023 cohort of Marshall scholars, considered among the most accomplished undergraduate university students and recent graduates in the U.S.

FROM THE EXPERTS: These 6 tips could help you skip the ER

Wait times are up and space is limited at emergency departments across Alabama — read tips from UAB Medicine experts that can keep you healthy and out of the emergency room altogether.
