Rapper T-Pain to headline Welcome Back Concert Aug. 26

While supplies last, faculty and staff can pick up two free tickets to the show featuring the Grammy Award-winning rapper and producer. Faculty and staff tickets, if available, may be picked up Aug. 23-25 at the Alys Stephens Center box office and Aug. 26 at the Hill Student Center. See times and locations for ticket pickup, plus more details, online.

### Celebrate grand opening of South Science and East Science Halls Thursday

A ribbon cutting at 9 a.m. Aug. 17 will officially open the facilities — part of the Science and Engineering Complex — on 14th Street South between University Boulevard and 10th Avenue South. Register online.

### Change your commute route Aug. 16-20 for student move-in

As students begin arriving on campus for the fall semester, UAB Transportation recommends traveling an alternative route to work during times when the most students will be moving into on-campus housing. This map will help you plan.

### New technology to study causes of dry eye disease developed by UAB

With a \$1.8 million grant from the National Eye Institute, School of Optometry researcher Yuqiang Bai, Ph.D., will study non-invasive assessments and inform the development of new treatments.

### Things to know

Nominate an employee for the VIP Awards

Do you know an employee whose work

exemplifies and embodies one of UAB's shared values — integrity, stewardship, collaboration, accountability, respect, excellence and achievement, and diversity and inclusiveness? Submissions for third-quarter nominees are due Aug. 23.

### The Farm Stand returns next week

For the first time since the pandemic began, the UAB community will be able to stock up on locally grown fresh fruits and vegetables from Chilton County's Boozer Farms. The Farm Stand at UAB will be set up in the first floor atrium of The Kirklin Clinic on Tuesdays from 10 a.m. to 12:30 p.m., starting Aug. 22. Get details and find out how to sign up for an email with updates, coupons and recipes at uab.edu/farmstand.

### Download Rave Guardian and never walk alone again

Set a timer as you travel to your destination and pick a virtual guardian who will see your trip. Upon arrival, dismiss the timer to let your contact know you've made it safely. Rave Guardian also turns your smartphone into a personal panic button and enables users to send eyewitness tips of unusual activity. Download for free on Apple and Android.

### Annual performance evaluation cycle is open now

Here's what you need to know: Eligible employees in workgroup A complete selfevaluations in the Performance App and managers must have conversations with employees and complete evaluations by Sept. 30. Check your workgroup here and visit the Performance Management site for tools, FAQs and training.

### Celebrating student success

### Cap, gown — here's how it went down!

Catch the highlights of last Friday's commencement ceremonies in this Instagram video, then meet four new graduates in the stories below.

# Caregiving leads student to pediatric ICU nursing

For years, Jada King's after-school activity was racing home to help care for her sister, Dejá. That experience brought King to UAB to study nursing and a job at Children's of Alabama. "This profession requires patience, passion and compassion, and I thank my sister for preparing me," she said.

### International graduate student finds formula for overcoming culture shock

Maksim Dolmat came to Birmingham from Belarus in 2018 for UAB's chemistry Ph.D. program. The transition was "a lot to process," Dolmat said, but his five years working with mentor Eugenia Kharlampieva, Ph.D., opened his eyes to the potential impact of his research.

### Building an anatomy site to help health students at UAB — herself included

Caroline Davies created a comprehensive website packed with learning tools as part of her master's degree in anatomy. She is putting it to use now in her medical studies at the Heersink School of Medicine.

# From Tennessee to Hawaii, by way of UAB

As he worked on his doctorate in chemistry education, Josh Forakis created immersive experiences for UAB undergraduates to put their knowledge into practice. His next step after graduation is taking him across the Pacific for a deep dive into plastic pollution.

### **Research & learning**

### Essential prep for the most important day of class: the first

What happens on the first day in the classroom sets the tone for the whole course. Scott L. Phillips, Ph.D., outgoing director of the Center for Teaching and Learning, explains how to welcome students, focus their attention, review the syllabus and more in Teaching Effectiveness: First Day of Class, 11:30 a.m. Aug. 16 in the Commons on the Green. Lunch is provided; register online.

### Learn about estate planning Thursday

Nancy Ball, J.D., will discuss core documents and strategies to consider in this fourth event in the Bloom series from the Commission on the Status of Women.
