At Sparkman Center, Alonge seeks “what works and why”

Olakunle Alonge, M.D., Ph.D., an expert in implementation science, joined UAB in 2023 as the new director of the Sparkman Center for Global Health. In July, the center will launch an intensive implementation research institute focused on health inequities.

[🔗](#) [📄](#) Implementation science is one of the five high-growth research areas identified in UAB’s Research Strategic Initiative: Growth with Purpose.

UAB delivers second set of rare double uterus “twins”

Two Alabama women with the same one-in-a-million pregnancy delivered healthy babies at UAB Hospital less than two months apart.

Latest cohort graduates from Blaze Leadership Academy

Congratulations to the 20 faculty and staff leaders seeking to grow and contribute more to UAB who became the 16th graduating class of the Blaze Leadership Academy in April.

More news online

Things to know

Questions about travel? Check this guide

Meal policies, internet travel services, conference registration fees — the new [Employee Travel Reimbursement Guide](#) provides a comprehensive overview of required policies and procedures that must be followed to request and receive reimbursement for an employee traveling on behalf of UAB.

Apply to be an interprofessional leadership fellow

Faculty fellows learn from and work with academic and practice leaders within the university as well as across the nation. Applications are due June 28; see requirements, along with a list of past fellows, [online](#).

Do you have an idea with commercial potential? Apply now

The Blazer Bridge Fund, administered by the Harbert Institute for Innovation and Entrepreneurship, is focused on supporting the development of novel intellectual property to attract licensee interest and/or position the technology for intellectual property protection. The fund aims to support five to six projects per round at a maximum of \$50,000 per project. Submissions are due May 17; details are [online](#).

Read about this project from School of Education faculty member Lori Edmonds, Ph.D., funded in last year’s Blazer Bridge Fund round.

Blazer achievements

Mirbozorgi wins NSF CAREER Award

Abdollah Mirbozorgi, Ph.D., assistant professor in the Department of Electrical and Computer Engineering, received the National Science Foundation award for his research into a device that could attack cancerous tumors through precision ablation.

Two UAB students selected as Goldwater Scholars 2024

Karim Mikhail and Molly Reynolds, both Honors College students in the Science and Technology Honors Program, have been selected for the national Goldwater Scholarship, the most prestigious math and science award for undergraduate students.

Mark your calendars
